A Legendary Championship Golf Course

St Andrews Beach is nestled along the south-western coast of Melbourne's Mornington Peninsula, near the thundering surf of Gunnamatta Beach and Bass Strait. Designed by world-renowned course architect, Tom Doak (Barnbouggle Dunes, Cape Kidnappers, Tara Iti, et al.), the St Andrews Beach Course weaves across a spectacular stretch of land evoking the famous links courses of the UK and Ireland, with a quality on par with the courses of the nearby Melbourne Sandbelt.

Since reopening as a public course in 2009, our classic 18-hole links-style course has an impressive record having maintained it's ranking as the number one public access course on the Australian mainland.
